

# #ReadyForFlu suggested social media posts for partners

We have provided the following suggested social media posts for you to share across your channels, to raise awareness of the campaign and encourage members of the public who are eligible to get vaccinated against flu.

## Childhood flu

We would suggest accompanying these messages with campaign imagery which can be found here: [www.nhsinform.scot/campaigns/get-serious-about-flu](http://www.nhsinform.scot/campaigns/get-serious-about-flu)

### For Facebook:

- Children in Scotland aged 2-5 years are eligible for the free flu vaccination. The safe nasal vaccine is the best way to help protect them against flu. Get your child #ReadyForFlu, visit [www.readyforflu.scot](http://www.readyforflu.scot)
- Every year in Scotland, children are hospitalised for treatment of flu, or its complications. Make sure your 2-5 year old is ready to fight flu by making a GP appointment for the free nasal vaccination. #ReadyForFlu [www.readyforflu.scot](http://www.readyforflu.scot)

### For Twitter:

- Children in Scotland aged 2-5 years are eligible for the flu vaccination. The safe nasal vaccine is the best way to help protect them against flu. Get your child #ReadyForFlu [www.readyforflu.scot](http://www.readyforflu.scot)
- Help your 2-5 year old fight flu and book an appointment with your GP for the free nasal vaccination. Act now and make sure your child is #ReadyForFlu. [www.readyforflu.scot](http://www.readyforflu.scot)
